

Smart Health Care
(This is a takaful product)

PRODUCT DISCLOSURE SHEET

The Product Disclosure Sheet (PDS) provides some of the key information that you should consider before you participate in a medical takaful certificate that best meet your needs. You should read your takaful certificate carefully for full details on your coverage.

FIND OUT MORE:

Step 1 Is this takaful certificate right for you?

- This takaful certificate covers hospitalisation and surgical expenses until age 85.
- Your takaful contributions will be pooled with other takaful participants' contributions to pay claims. If the total claims paid out from the pool of fund is high, the takaful contribution for all takaful participants in the same pool may increase, including your takaful contributions **even if you did not make a claim.**

Step 2 Does it meet your needs?

What is covered?

- Hospital Room & Board: RM<amount>
- Surgical Fees: As charged. Subject to overall annual limit.

Benefits payable are on cashless basis and subject to:

- Overall Annual Limit: RM<amount>
- Overall Lifetime Limit: No limit

What is not covered?

- Medical conditions that you had, or had symptoms of, before participating in the plan (i.e. pre-existing condition)
- Specified illnesses (e.g. hypertension, diabetes) within the first 120 days from the issue date or latest reinstatement date of the certificate
- Participation in any criminal or illegal act, strike, riot, terrorism, or civil commotion

This is not a complete list. Please read your takaful certificate carefully for full details on what is and is not covered.

The benefit(s) payable under eligible product is(are) protected by PIDM up to limits. Please refer to PIDM's TIPS Brochure or contact Us or PIDM (visit www.pidm.gov.my).

Step 3 Can you afford the increase in takaful contribution over time?

Takaful Contribution Projection Table

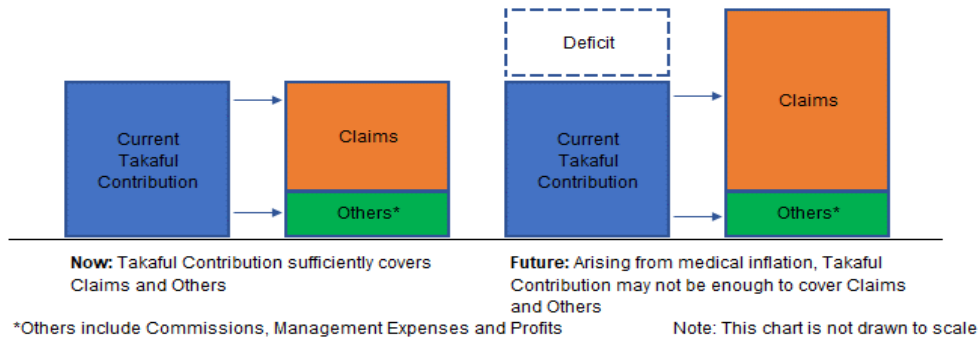

Age	Current takaful contribution upon attained age (RM)	Estimated takaful contribution based on medical inflation of <7.2%> per annum ¹ (RM)	Over the long term, you can reduce takaful contribution payable by choosing plans with:
<Entry age (N)>	<XX>	<YY>	(a) A higher deductible. (b) A lower overall annual limit/hospital room & board limit.
<N+5 years>	<XX>	<YY>	
<N+10 years>	<XX>	<YY>	
<N+15 years>	<XX>	<YY>	
<N+20 years>	<XX>	<YY>	

- The projection above is solely for **illustration purposes only.**
- The estimated takaful contribution is based on both increase by age and an average medical inflation of <7.2%> per annum¹ and does not take into account future increases in the use of medical treatments and services. The actual takaful contribution you will have to pay depends on the actual medical inflation of the plan you participated in. **Arising from medical inflation, current takaful contribution level may not be enough to cover future claims.** Factors that may lead to medical inflation include advancements in medical technology, higher treatment costs and increases in the prevalence of non-communicable diseases over time.

• Bulk of takaful contributions goes to claims. On average, for every RM1.00 of takaful contribution paid, RM<0.72>² is allocated to pay claims. The remainder goes to pay commissions to distributor, management expenses and profits of the takaful operators.

¹ This is the year-on-year increase in the average treatment cost as billed by hospitals to the insurance and takaful industry from years <2020 to 2023>.

² This is based on insurance and takaful industry average data from years <2021 to 2023>. The actual experience of the plan you purchase may differ from the industry average.

Step 4 What else should you be aware of?

- You must answer the questions that we ask fully and accurately. Failure to take reasonable care in answering the questions may result in rejection of your claim or termination of your takaful certificate.
- If you decide you do not want this takaful certificate within 15 calendar days after the takaful certificate has been delivered to you, you can contact us to cancel your takaful certificate and receive a full refund (less any medical examination expenses incurred).
- Your coverage will only start 30 calendar days from the issue date or latest reinstatement date of the takaful certificate except for accidental injuries.
- The Wakalah fees³ you have to pay are RM<total Wakalah fee within commission paying years> or <total Wakalah fee% within commission paying years> of total takaful contributions over <number of commission paying years> years, of which commission to distributor is RM<total commission within commission paying years> or <total commission % within commission paying years>, and management expenses is RM<total management expenses within commission paying years> or <total management expenses % within commission paying years>.

This is not a complete list. Please read your takaful certificate carefully for full details on the key terms and conditions.

³ These figures are based on the current takaful contribution upon attained age.
